

Spring Newsletter

March 2017

MILD WINTER MEANS EVERYTHING'S EARLY!!!

The past winter has been extraordinarily mild winter and that can only mean one thing. Everything is ready early! About 3 weeks ahead.

Our North Foreland cauliflowers are stunning and are in our shops already.

The locally-grown asparagus and our new potatoes will be ready by mid-May.

It all looks good for harvest.

RANGE OF KENT OILS FROM QUEX PARK

All of our stores are now stocking the complete range of Kent Oils which are all produced at Quex Park in Birchington.

We stock all flavours of the rapeseed oil including Jalapeno Chilli and Lemon.

ALL YOUR LOCAL PRODUCE IN 3 STORES

At J. Prentis, we pride ourselves on bringing you local produce and this spring is no different.

Look out for cauliflower, purple sprouting broccoli and cabbages from Worth (Deal) and North Foreland (Broadstairs).

You can also find local cox apples available in the Broadstairs, Deal and Westgate stores until Easter. Meanwhile some of you might also be delighted that we are eventually coming to the end of the brussel sprout season!!!

HOW LONG DOES A CHERRY TAKE TO GROW?

Well, it's 2 years! Yes, 2 years! And we are expecting a bumper crop this year.

All of our cherries are grown in poly tunnels so won't be affected by the weather.

INTRODUCING MRS DARLINGTON'S PICKLES

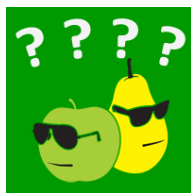

We have a brand new range of pickles, chutneys, jams, curds and marmalades all made by Mrs Darlington.

THE GREENGROCER'S BRAIN TEASERS

Q - What fruit would you find in space? Star fruit?

A - A star fruit

Q - In cockney rhyming slang, what are known as Bow & Arrows?

A - Marrows

DOWNLOAD OUR VOUCHER

In our Broadstairs, Deal and Westgate-on-Sea shops, we are currently offering 50p off any purchase totalling £5 or over. All you need to do is print this newsletter, cut out the voucher and hand to the cashier when you purchase. Terms and conditions apply.
